

Pre-Anesthesia Consent Form

Valley Creek Veterinary Hospital

OWNER'S NAME: _____ DATE: _____

PET'S NAME: _____

PROCEDURE TO BE PERFORMED: _____

NOTE: ALL VACCINATIONS MUST BE CURRENT BEFORE SURGERY. PROOF IS REQUIRED.

PLEASE READ CAREFULLY AND SIGN.

Your pet is in for anesthesia/surgery and should do fine. We will perform a full physical examination on your pet before administering the anesthesia. However, we highly recommend a pre-op blood profile to be performed for the purpose of ensuring pet to be in a low risk category during anesthesia. By performing this important pre-op blood profile, we will be able to rule out pre-existing internal problems that may not be evident physically but could lead to serious complications. There is a additional fee of\$ _____ for these important procedures. Please indicate your choice by signing on the line below the appropriate response.

Please complete the blood work you recommended prior to surgery on my pet. If abnormalities are found, please call and inform me at the above number.

I have decided to REFUSE the pre-op blood work at this time and request that you continue with the surgical procedure.

HOMEAGAIN – Pet Microchip Identification System

While under anesthesia, we can microchip your pet for permanent identification. Every year more than 20 million dogs and cats are put to sleep because humane shelters cannot identify them or their owner. A microchip is an unmistakable sign that the pet is not only loved, but very much wanted! The additional cost for Microchipping your pet during an already scheduled procedure is \$_____. This fee covers all cost except enrollment in the Companion Animal Recovery Database. Registration in the CAR is \$12.50, a one-time fee for the life of your pet.

Please microchip my pet.

I do not wish to microchip my pet at this time.
